## Secure Your UTV with the Most-Trusted Tie-down. Just Hook, Ratchet, and Go!

You spent a lot of money for your side-by-side, don't risk it by skimping on the tie-down you use to transport it. Get the strongest and easiest to use tie-down on the market with the CargoBuckle® retractable ratcheting tie-down.

Spend more time at work or play and less time fussing with straps or other tie-downs. With IMMI's CargoBuckle you simply Hook, Ratchet, and Go®! There when you need it and out of the way when you don't, CargoBuckle ties down and releases your ride easy and fast!

CargoBuckle can be permanently or temporarily mounted with one bolt on a trailer, toy hauler, cargo rack, lift, truck, ladder rack and in various other applications.

- One-bolt installation
- Six-foot reach, self-retracting web
- Conveniently retracts out of your way
- Longer, stronger, and more durable than any other ratchet tie-down
- Anti-corrosive construction
- Dual safety lock security
- Two-inch seat belt quality, polyester web
- Optional adapters available to enable mobility
